

Kiran Bavimani,

Bachelor Of Engineering (E&C), PGD-MBA, PMP®, Lead Auditor – ISO 9001, CMQ/OE (In progress)

KIRANAVERHU@gmail.com | +91 9986013555 / [linkedin.com/in/kiranbavimani/](https://www.linkedin.com/in/kiranbavimani/)

Languages: English, Hindi, Kannada, Telugu, French (DELTA1)

Overview:

Senior Quality Assurance & Quality Control Expert | Leadership roles | Ex-AECOM, Thales, Honeywell, ADA/DRDO

22 Yrs. in Transportation (Metro Rail Systems) & Avionics Systems (Defence)

- **07+ Yrs. in Metro Rail projects**
 - 05 Yrs in Pune as Senior QAQC Expert-SQAE Systems (Pune Metro Rail Project, Line 1 & Line 2)
 - 02 Years in Qatar as Global Quality Assurance Manager (Qatar, Lusail Light Rail project),
- 13 Yrs. in Avionics projects
- 2 Yrs. entrepreneurship and Independent (Freelance) roles

AECOM
THALES
Honeywell

- **Built and directed Quality teams** with a broad range of expertise in Electronics/Electrical, Critical Hardware/Software systems, and Civil/Mechanical (Steel structures, Welding etc)
- **International Experience** with Cultural Diversities (French, USA, Middle-East, China, Indian, OEMs, Govt. Clients)
- **Large Infra and Significant** projects in various customer facing roles (Global, Onshore/Offshore, GC/PMC/Consortium/JVs)
- **Driven Organisational QHSE** (Quality, Safety, Health & Environment) initiatives across Organisations, Consortiums and Contractors.
 - Lead over 150 IMS audits ensuring comprehensive QSHE compliance among 35+ contractors.
 - Directed & implemented Corporate/Site QMS and standards specified by ISO 9000 and Contracts
 - Hands on experience with tools such as 5 Why analysis, Fishbone diagrams, Pareto analysis, PFMEA/FMEA, etc.

Education & Credentials:

Bachelor of Engineering in Electronics & Communication (Kuvempu University - Government), 1999 to 2003

PGD in MBA IBM (International Business Management), 2012 to 2013

Certified: Lead Auditor IRCA/ISO 9001(8 Yrs.), PMP (10 Yrs.), SSGB, QMS Foundation. Pursuing ISO 14K/45K Certifications

Trained (Thales University): Bid/Project Quality Assurance, Supplier Qualification, IPCA Airbus (Audit), People Management

Other Skills: AI tools /MS office, Excel Automation/SAP/EDMS(Mezzoteam)/Testing & CM tools (DOORS/PIVS etc)

Memberships: ASQ – American Society for Quality (ID 200144686), IAENG (ID 335482) and ASCE (ID 11986348)

Quality Management (QA/QC) Expertise:

- **Corp. IMS** (Quality, Health, Safety, Environment), ISO Certification | Trainings | KPIs | Alert -Veto-Advise | Audits | QC tools
- **Engineering QA:** Gate reviews (Design to FAI), System Safety, SDLC/Agile/Scrum, Design/Coding Standards, System Testing
- **Supplier Quality:** Qualification, Action Closures, Monitoring Performance, Lead Auditor for 100+ IMS Audits across 30 entities
- **Site QAQC:** Planning till Handover - PQP, Material approvals/WMS/ITPs, IR/RFI, Problem Solving, Site NCRs, Snaglist, RCAs.
- **Additional Domains:** Supported Chief Quality role managing Civil (+Mech) teams with experts and Audited 16+ Civil Contractors
- **Quality Awards** from Thales group and Honeywell, State recognition for Academic project.
- Proactive/Self-starter, Effective communicator, Mentor, Implements **Quality as a Culture** with **First Time Right** and **Zero defects**.

Career Timeline:

10' 2024 till date **Quality Assurance Specialist** (Freelancer - PMC, Supplier, Transport/Avionics Project related activities)

>> AECOM (USA MNC, 5 Yrs, Transportation, PMC Business Unit) <<

PMC – Senior Quality Assurance Expert (SQAE) | AECOM (PMC/GC) | Pune Metro Rail (2 lines) | 09'19-09'24 (5 Yrs)

- QA Surveillance role, handling 14+ Contractors in PMC/GC role to Maha-Metro Rail Corporation

Founder Quality Director | EEPL, India | Startup Venture (IoT - Embedded Systems) | 03'2018-08'2019 (1.5 years)

>> Thales Group (French MNC, 11 Yrs, Transportation & Defence Business Units) <<

Global QAM (Qatar, France, Italy, Portugal) | Thales Gulf | Lusail Rail, Qatar | 01'16-02'18 (2 years)

- Onshore & Offshore QA Surveillance role, responsible for Engineering and Site Quality

Project QAM | Thales India | Mirage 2000 Aircraft Upgrade (Indian Offset Contract) | 07'12-01'16

- Onshore & Offshore QA/QC role, responsible for Engineering (Contractors) and Site Quality (HAL)

Portfolio QAM | Thales India | Avionics Portfolio Projects | 10'08-06'12

- Offshore QA/QC role, responsible for Engineering Quality

Engineering Technical Lead | Thales India | 04'07-10'08

- Avionics Team Lead, responsible for HMI (for Pilot) Design and Development for A400M Aircraft

>> System Engineer | Honeywell, ADA/DRDO | 05'2004-03'2007 (2.5 years)

- System Engineer (Testing) for A380 Aircraft Surveillance System (IHAS-ADIS)
- System Engineer (Testing) for Radar SDP - Light Combat Aircraft (Tejas)

EXPERIENCE IN DETAIL

10`2024 till date Quality Assurance Specialist (PMC, Supplier, Transport/Avionics Projects)

- QA: Corporate QMS, Reviews (project, documents, Issues) and Audits (IMS, Supplier Qualification, Issue based).
- QC: ITP reviews, On Site Inspections (FAT, China), Supplier Procurement Follow-up Actions.

09`2019-09`2024 PMC – Senior QA/QC Expert (Systems) - AECOM

Role: QA Surveillance of Systems Works for Line 1 and Line2 (Viaduct, UG, Depots)

- Customer facing role with 14+ Contractor Quality teams to manage (Initialise, Monitoring & Control)
- Systems: Telecom/Power Supply/Traction/Telecom/MEP/L&E/TVS-ECS/PSD/Signalling/Rolling Stock/AFC/S&S etc.
- QMS: Established, Tailored & Maintain internal QMS(Manual); Approved Contractors` QMS, Mentor/Trained teams.
- Approved QA/QC plans(+MS/ITP/Checklists), QA/QC resources based on expertise review
- Witnessed critical RFIs/FAT events of Material/Installation/Testing activities.
- Implemented [Site QA/QC plans](#) through regular Audits/Site Visits/Reviews/RCA's & related records (KPIs/OBS/NCRs/Snag list)
- Conducted Management reviews and Customer Site Visits, CMRS (System Safety) Visits and followed-up actions to closure.
- Reviewed status of Contractors and Customer (QRM ppt) ; Monitored KPIs, Ensured Lessons learnt were managed
- Supervised Lab activities (Contract issues, Tracking testing performance, Invoices etc)

03`2018-08`2019 Founder Quality Director – EEPL

Role: Organisational Quality and Customer Excellence role, reporting to the Managing Director

Systems: ELV / Embedded Systems (IoT Hardware and Software) and Supplier Management

- SPOC for QA/QC activities from Concept-Implementation of IoT products
- Established and maintained the QMS implementing the "Culture of Quality" with focus on COPQ.
- Supplier Management (Qualification, Audits and performance monitoring)

01`2016-02`2018 THALES GULF, LUSAIL LIGHT RAIL, QATAR

Role: Global Quality Assurance Manager (Offshore-Onshore) role reporting to Regional Quality Director (Dubai)

Systems: ELV / Communication and Control Systems (CCS) – 15 Sub-Systems (Telecom/PIS/PAS/Radio/FPS/BIM etc)

- QMS: Tailor & Implement Corporate ([Chorus](#))/Customer processes and train the Thales teams and sub-contractors.
- [Corporate QMS implementation \(+SHE\)](#), ISO certification (9001:2015), Tailoring to Customer Process
- QA/QC – PQP/WMS/ITP/MAR/RI/RFIs/Calibration/NCRs, Execution, Reporting, Audits, [Supplier Quality](#), Site Quality QC teams (internal and Sub-contractors) during Material/Installation/T&C phases
- Co-ordination of Safety Assurance (Offshore team), [TIMS assessment/PIVS \(Internal Audits\)](#)
- Reporting to Customer, Directors with QA Advise, Alerts and Veto for timely action and follow-up.
- Reviews of Bid/SOW/Proposals/[Gate reviews](#)/Design Docs/Materials/I,T&C documents and records.
- Subcontractors: Qualification, Quality supervision and audits, reporting; material inspections
- Managed [Non-Conformances](#), CAPA, [RCA](#), [KPI](#) Analysis; Action Tracking, Risks, Lessons learnt, [CSAT](#) actions.

07`2012-01`2016 THALES INDIA, Avionics Project (M2K upgrade), BENGALURU

Role: Project Quality Assurance Manager (Onshore) role reporting to the Regional QHSE Director

Systems: ELV / Embedded Systems ([Aircraft Hardware and Software](#)) and Aircraft Material inspections (before assembling)

- Supplier Auditor and PIVS (Internal Auditor) for Thales projects in India
- QMS: Implemented Corporate QMS (Chorus 2.0 CPO, Tailoring, trainings, deployment etc.); ISO 9001 certification.
- Planning: PQP, WMS/ITPs/Checklists for project including reviews and approvals of offset partner deliverables
- Engineering QA: Gate reviews, Software sampling tests/Build Checks, CSAT, Quality Advise, Track Actions
- Conducted Material inspections of aircraft parts and follow-up actions to closure with France team.
- Delivery Management: Inspections (Hardware, Software), raised/tracked NCRs/OBS/Snag list/Issued Alerts & Veto
- Review: MRs, Process Improvements, Risk monitoring, Lessons learnt, KPIs, RCA, CSAT, Snag list etc
- Reporting: QA/QC Situational Awareness: Issued NCRs & Quality Advise with focus on Alerts and Veto for timely action

10`2008-06`2012 THALES, Portfolio QAM, Avionics Project Portfolio, Chennai

Role: Portfolio Quality Assurance Manager (Onshore) reporting to the Regional QHSE Director

Systems: ELV / Embedded Systems ([Aircraft Hardware and Software](#)) and Aircraft Material inspections (before assembling)

- QAQC Planning (PQP), WMS/SOPs, Inspections for the entity projects and Portfolios
- Key involvement in [Stage Gate reviews](#) (PDR/CDR/FAI etc) (Equivalent to Design and FAT)
- [QC auditor](#) for Organisation and [Product owner](#) for Web based tools using Agile.
- Report: [QA Advise](#), KPIs, PMR-WB review of projects, Critical alerts & Veto, Lessons Learnt
- Managed [PIVS \(Internal Audits\)](#) and track/facilitate the findings to Closure of CAR/NCR/OBS with RCA and actions.

04`2007-10`2008 THALES, Avionics projects (Engineering Technical Lead)

Role: Engineering Technical Lead (Offshore) reporting to the Program Manager (A400M HMI projects)

Systems: [Aircraft HMI Software – LLR\(Requirements\), Design, Coding and Testing](#)

- Project Initiation (France), planning, training (ADA language), execution, and monitoring control (client reporting)
- Requirement analysis, reviews, LLRs, design (CDS: HMI-GUI), coding (OOTH/DO178B), debug and unit testing.
- Pre- and post-delivery activities – CM audits, technical release audits (Software), RCA, KPI/Metrics and Analysis.
- Key member of Innovation council, Interview panel and training automation

11`2003-03`2007 HONEYWELL, DRDO (System Engineer)

Role: System Engineer

ADA/DRDO/HAL: MMR-SDP System Testing, Signal simulator (H/W & S/W) using FPGAs, Blind Zone Analysis Software

HONEYWELL: A380 AESS Testing (ADIS, FDR and BITE) in compliance to DO178B in line with PSAC, SDP, IVVP etc.

- *End of CV* -
